FOUR DIRIGIBLES DO THE BOMB DROPPING
Fly from Islands Off Netherlands Coast to England and Mysteriously Disappear In Darkness.

London, Aug. 18. (12:48 p. m.)—The neutrals of London were raided last night by Zeppelins. Ten persons were killed. One Zeppelin is believed to have been hit. The damage to property was not important.

Thirty-six persons were injured. The air raid was over the eastern counties of England.

A Central news dispatch from Amsterdam says four Zeppelins were sighted passing over the islands of Vlieland and Wieringer, off the North Sea coast. The dirigibles were sailing from the east in the direction of the English coast. The hour of their appearance is not stated.

London has been visited previously by German dirigibles during the war. On the night of May 31 Zeppelins made an attack on a district described in the official communiqué merely as "in the metropolitan area," on that occasion about fifty bombs were dropped. Four persons were killed and a few injured.

The latest raid is the third of the new series of aerial attacks which after a lapse of several weeks began on Monday of last week. On the two previous occasions twenty persons were killed and thirty-seven injured.

The statement given out by the official press bureau says:

Zeppelins visited the eastern counties last night and dropped bombs. Anti-aircraft guns were in action and it is believed that one Zeppelin was hit.

Air patrols were active, but owing to the difficult atmospheric conditions the Zeppelins were able to escape. Some houses and other buildings, including a church, were damaged.

ZEPPELIN ATTACK DID MUCH DAMAGE, CLAIM

Son Francisco, Aug. 18. (12:48 p. m.)—According to the Central news agency, the Zeppelin attack on the British coast last week resulted in considerable damage.

WIFE FOLLOWS HUSBAND TO A SUICIDE'S GRAVE

London, Aug. 18. (12:48 p. m.)—On January 25, 1914, Mr. Townsend shot himself through the head. He left a note to his wife, which ran as follows:

"I will say to my wife, don't worry in coming to see me. That is a last request. No funerals, no nothing. Just forget. That everything is for the best, and I would advise you to do the same."

Today Mrs. Townsend died in the county hospital, an hour after she had been found unconscious from the effects of poison tablets.

NEW CABINET TO BE FORMED IN GREECE

(By Evening Herald Leased Wire)
London, Aug. 18. (12:48 p. m.)—Ex-Premier Eleutherios Venizelos today notified King Constantine of his readiness to form a new Greek cabinet in succession to the Government which resigned at the opening of the Greek parliament yesterday according to a dispatch from the Central news agency from Athens.

Actly what will be done immediately it is believed much will depend upon the findings of the Cobb county coroner's jury, which adjourned to meet Tuesday after having a short session yesterday. The governor had not decided whether a reward would be offered for the apprehension of members of the lynching party.

E. L. Rainey, a member of the state prison commission, arrived here today from Millidgeville. With other members of the commission he was at the prison farm when Frank was taken away. Like R. E. Davidson, chairman of the commission, he is of the opinion that nothing would be gained by early release for Atlanta.

In the speech, Mr. Woodward said: "I am going to take occasion to tell of the events that may have occurred in the map in a very undesirable light. I am going to endeavor to set you right. People throughout the United States have obtained their ideas of the Frank case from a poisoned and subsidized press and press reports.

"Common decency prevents me from telling you the revolting details of the murder of Mary Phagan—I wish you all knew the truth as I know them. I know them for I have been with them ever since it started and I have read every line of evidence that was introduced, including that has transpired I know and I know that there is not a member of the jury that tried Leo M. Frank who from the time it occurred to this day, has any idea that he would change his decision but to the best of my knowledge.

ITALIANS IN TURKISH TERRITORY ARE DETAINED

Rome, Aug. 18. (12:48 p. m.)—Turkey, according to a Bucharest dispatch to the Giornale d'Italia, has recalled permission for the departure of Italians, a large number of whom, including 799 reservists, are awaiting to sail at Jaffa, Beirut, Messina, Alexandria and Smyrna.

The Giornale says that the new invading army on the Gallipoli peninsula near Suluva has been repelled. Paris reports. The official statement from Berlin declares that the French were driven back at Soumard, only a small and completely demolished trench section remaining in their hands.

News from the Turkish sources that the new invading army on the Gallipoli peninsula near Suluva has been repelled, is confirmed in an official report today from General Sir Hamilton, the British commander at the Dardanelles front, stating that the British had won five hundred yards of ground, including a Turkish trench. Sir Hamilton also reported the results of determined Turkish attacks against the Anzacs position.

The British are reporting in the diplomatic situation in the near east. Former premier Venizelos of Greece, who asked for four days in which to study conditions before deciding whether to form a new cabinet, has been released.
